DIGITUS® DVI □□□□□□□□□□ □□ Cat.5 / Cat.6

DS-54101

EAN 4016032285694

DVI Video Extender over Cat5 up to 70m (CAT5, UTP), max. res. 1920X1200@60Hz

DVI удлинитель по CAT5 увеличивает дальность передачи DVI сигнала от вашего ПК на расстояние до 70 метров с помощью обычного кабел

Передаёт **DVI** сигнал на расстояние до **70** метров

- DVI-D удлинитель по кабелю Cat5 / Cat6
- Поддерживает макс . разрешение до 1920 x 1200 пикселей на расстоянии до 50 м
- Поддерживает макс . расстояние до 70 метров при разрешении 800 x 600 пикселей
- Не требуется внешний блок питания

Attributes

- HDTV Standard: Full HD
- Category: CAT 5e
- Distance: 50 m
- KVM: no
- PoE (Power over Ethernet): no
- Technology: CAT

Logistics

Safety notes

- If the device is powered by a plug-in power supply, ensure that the power adapter is connected correctly and meets the specified requirements (e.g. voltage and current).
- Only use certified CAT5e or CAT6 cables to ensure stable signal transmission.
- For particularly long cable runs or in environments prone to interference, it is recommended to use shielded network cables.
- Make sure that all connections are tight and secure to avoid loose contacts that could affect the signal quality. Make sure that the HDMI and Ethernet connections are connected correctly.
- Make sure that the CAT cable is not laid near high-voltage power lines or other strong sources of electromagnetic interference to avoid signal interference.
- Only operate the device within the specified temperature range.
- Do not use the device outdoors or in damp or wet environments
- Check all connections and cables regularly for wear or damage. Cables and connections can wear out, especially with frequent use or long installations, which can lead to poor signal quality or system failure.

EU responsible person

EU based economic operator ensuring the product complies with the required regulations.
