Notebook Lock with number combination for Security-standard Slot, Cable Length: 1,5 m

The ednet notebook lock saves your notebook likewise your desktop-pc. It works just as a bike lock and protects your property from a "quick-take- away". Roll the 1.5 meters long cable around an immoable object e.g. a heavy-weight table. You can just fit the lock on slot on you desktop-pc or your notebook. At that, dial a number combination for activation the lock. Holiday pictures, important documents or your favourite music, all these will be lost if your Notebook ist stolen. Therefore, play it safe with the ednet notebook lock.. It can be used in private domains, in offices, in public institutions, in shops or at fairs.
