DIGITUS® Front panel and mounting frame for multimedia with 2 x DN-93615-S Keystone modules

DN-93831-2

EAN 4016032444398

Front plate 50x50 central plate, RAL9003 with 2x DN-93615-S Keystone Modules

The DIGITUS® network connection module with CAT 6A compact Keystone combo pack offers a comprehensive and reliable solution for high-performance structured cabling installations. The front panel is designed for seamless integration with shielded DIGITUS® Keystone modules and features built-in dust covers that protect the connection from dust and external contaminants, while the module's vertical orientation at a 45° angle allows for convenient cable routing and easy access to the patch cables. The included shielded CAT 6A Compact Keystone module (DN-93615-S) supports high-speed data transmission and future-proof network standards, and offers tool-free installation as well as 360° shielding. Its compact design allows for flexible use in compatible modular jacks and high-density installations. By combining both components into a single package, the solution ensures guaranteed compatibility while simplifying procurement and installation.

Offers a ready-to-install network connection solution that reduces installation effort while ensuring precise component compatibility and a reliable connection.

- Junction box with angled outlet for Keystone modules
- The module is oriented at a 45° angle perpendicular to the vertical
- Compatible with shielded DIGITUS® CAT 6A Keystone modules, such as DN-93615, DN-93617, and DN-93619
- Compatible in design with all standard switch lines
- Can be used as a 1-port or 2-port data jack
- Suitable for installation in a parapet channel, flush-mounted, and surface-mounted
- Material of empty housing: die-cast metal
- Operating temperature: -20° C to +70 °C (ISO/IEC 11801, EN 50173-1, ANSI/TIA/EIA 568 C)
- Includes 2 DN-93615 Keystone modules
- Network Combo Connector: DN-93831-2 – DN-93831 + 2 x DN-93615-S

Package contents

- Front Panel
- 2 DN-93615-S Keystone Modules
