

DIGITUS® USB 2.0

AK-300105-030-S
EAN 4016032282747

USB 2.0 connection cable, type A - B M/M, 3.0m, USB 2.0 conform, bl

Digitus USB 2.0 connection cable (type A - B M/M, 3.0m, USB 2.0 conform, black) is a high-quality cable designed for connecting USB devices to a computer. The cable features a standard USB-A male connector on one end and a USB-B female connector on the other. The cable is 3.0m long and is made of high-quality copper (CU) wire. The connectors are nickel-plated and have a molded hood. The cable is double-shielded to reduce interference and ensure reliable data transfer. The cable is compliant with USB 2.0 standards and is suitable for connecting various USB devices such as printers, scanners, and external hard drives.

Attributes

- Assortment: USB Cables
- AWG: 28
- Color cable: black
- Color connector: black

- Connector 1: USB A, plug
- Connector 2: USB B, plug
- Connector surface: nickel-plated
- Hoods: molded
- USB compliance: USB 2.0
- Wire material: CU
- Length: 3 m
- Shielding: Double shielding

Safety notes

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.
