

DIGITUS® Cabo de distribuição da rede eléctrica Y

AK-440400-017-S

EAN 4016032311942

Cabo de distribuição da rede eléctrica, C14 - 2x C13 St/Bu, 1,7m, H05VV-F3G 1,0qmm/0,75qmm, preto

Este cabo de alimentação em Y é utilizado para ligar a unidade de alimentação do PC a dois monitores, reduzindo a necessidade de uma tomada eléctrica. Também pode ser utilizado como cabo de extensão.

Aprovações de países europeus

Attributes

- Assortment: Device Connection Cables
- Cable standard: H05 VV F3G
- Color cable: black

- Color connector: black
- Connector 1: IEC C14, plug
- Connector 2: 2x C13, jack
- Connector surface: nickel-plated
- Current load capacity: 250V/10A
- Hoods: molded
- Lead cross-section: 1.0 / 0.75qmm
- Packaging: Polybag
- Wire material: CU
- Length: 1.7 m
- Shielding: Unshielded

Safety notes

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.

EU responsible person
