EAN 4016032327134

CAT 6A S-FTP patch cord, Cu, LSZH AWG 26/7, length 2 m, color grün

The DIGITUS® Category 6A Class EA patch cables are manufactured and tested according to the ISO/IEC 11801 and DIN EN 50173 CAT 6A standard. They guarantee that the cable installation complies with the ISO & EN Channel specification and offer excellent performance in DIGITUS® CAT 6A cabling. The performance has been tested up to 500 MHz, including performance characteristics such as near-end crosstalk ("NEXT"). The DIGITUS® patch cables have been specially developed to fully meet all requirements in the various application areas. Each cable is equipped with a molded anti-kink grommet with strain relief. The grommet also has a latching lever protection, which prevents the cable from snagging and the latching lever from breaking off the plug. The yellow coloring of the plugs makes it easy to identify category 6A.

Future-oriented standards and high-end quality for your network.
