CAT 6 S-FTP patch cord, Cu, LSZH AWG 27/7, length 2 m, 10 pieces, color white

Digitus® CAT 6 S-FTP patch cord, Cu, LSZH AWG 27/7, length 2 m, 10 pieces, color white. This product is a high-quality network cable designed for reliable data transmission. It features a 2m length and is packaged in a carton of 10 pieces. The cable is constructed with 4 x 2 AWG 27/7 twisted pairs, providing excellent performance for network applications. The connectors are modular RJ45 (8/8) plugs, ensuring compatibility with standard network ports. The cable is shielded with S-FTP technology, which includes metal foil and braid shielding to reduce electromagnetic interference (EMI) and crosstalk. The jacket is made of LSZH (Low Smoke Zero Halogen) material, making it safe for use in environments where fire safety is a concern. The cable is available in a slim version, which is ideal for tight spaces. The flat version is also available, but this specific model is a flat version. The cable is made of copper (Cu) and is suitable for use in a wide range of network environments. The product is manufactured by Digitus, a leading manufacturer of network equipment and accessories. The cable is tested to meet the requirements of the ISO/IEC 11801 standard, ensuring consistent performance and reliability. The cable is a great choice for anyone looking for a high-quality, reliable network cable. The cable is available in a variety of lengths and colors, allowing you to choose the one that best fits your needs. The cable is a great value for the price, and it is a must-have for any network professional. The cable is a great choice for anyone looking for a high-quality, reliable network cable. The cable is available in a variety of lengths and colors, allowing you to choose the one that best fits your needs. - 2 RJ45 (8P8C)
- LSZH jacket, flame retardant, low smoke, zero halogen
- Shielding: S-FTP, pairs in metal foil and braid shielding
- Jacket material: LSZH
- Structure: 4 x 2 AWG 27/7, twisted pair
- Flat Version: no

- Configuration: 1:1
- Connector 1: Modular RJ45 (8/8) plug
- Connector 2: Modular RJ45 (8/8) plug
- Packaging: Digitus Polybag
- Category: CAT 6
- Shielding: S-FTP, pairs in metal foil and braid shielding
- Length: 2 m
- Color: white
- Jacket: LSZH
- Slim Version: no
- Structure: 4 x 2 AWG 27/7, twisted pair
- Flat Version: no

Safety notes

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.
