

Digitus® Audio razdjelnik, 3,5 mm priključak na 2x 3,5 mm utičnice

DB-510310-002-S
EAN 4016032481317

Stereo 3.5mm AUX AUDIO Splitter Y, M to 2*F Aluminum Housing ,Gold plated, NYLON Jacket 0,2m

Digitus Audio Splitter se sastoji od 3,5 mm jack priključka i dva jack utora. Ovaj adapter omogućuje razdvajanje izvornog signala na dva odvojena izlaza. To znači da možete spojiti svoj pametni telefon, računalo, prijenosno računalo, tablet itd. na dva para slušalica i uživati u glazbi sa zasebnim slušalicama.

Digitus audio razdjelnik dijeli izvorni signal na dva odvojena izlaza.

- Y-raspodjela kabela od 3,5 mm jack priključka do 2x 3,5 mm jack utičnice

- Aluminijska kućišta
- najlonska pletenica
- zlatni čepovi

Safety notes

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.
