DIGITUS® Cable tester, Network, RJ45, One-sided tester

DN-14001-2

EAN 4016032498346

Cable tester, network, RJ45, Single side tester main device, remote unit, with case

Intelligent and fast condition tester for connecting telephone and network cable harnesses. Check the connection between the RJ45 plug and the cable harness. Determine exactly which end of the RJ45 plug is connected to the network cable. It perfectly solves the problem that the ordinary tester cannot detect two ways. In the end, the RJ45 plug is not connected at this end to save time.

Future-oriented standards and high-end quality for your network.

- Test voltage: low-voltage operation, safe for network devices and users
- Measuring accuracy:
- High precision in fault diagnosis (±1%)
- Identification of signal losses and cable breaks
- Shielding test: Detection and testing of the cable shielding (STP/FTP)
- Cable test: test for continuity, short circuit, crossing and pairing
- Signal check: Can send a signal tone to identify cable runs in larger networks
- Power supply: Low power consumption, typically ⊠ 0.5 W during operation

Logistics

	Number (pcs)	Weight (kg)	Depth (cm)	Width (cm)	Height (cm)	cm³
Packaging Unit Carton	40	12.00	52.00	40.00	27.00	56,160.00
Packaging Unit Inside	1	0.30	19.00	12.00	5.00	1,140.00
Packaging Unit Single	1	0.30	19.00	12.00	5.00	1,140.00
Net single without Packaging	1	0.30	19.00	10.00	5.00	0.00

Safety notes

- Avoid using network test devices in damp or wet environments, as this can lead to short circuits or electric shocks.
- Only use the device in the specified operating temperature ranges and avoid extreme humidity.
- Never connect the tester to unauthorized sources or excessively high voltages. Overloading can damage the device or lead to dangerous situations.
- Check the respective tools for obvious defects before each use.
- Remove damaged hand tools from use immediately and repair them professionally or replace them if necessary.
- Clean tools after use.
- Store safely and clearly.

EU responsible person

EU based economic operator ensuring the product complies with the required regulations.
