

Planet Gigabit Ethernet PoE+ Injector, 802.3at, 60 W

POE-171
EAN 4711213689581

PLANET Gigabit Ethernet PoE+ Injector Hub, 802.3at Power pins: 4/5(+), 7/8(-) and 3/6(+), 1/2(-), 60W

802.3bt ready! Ultra Power over Ethernet Injector, compatible with 802.3af and 802.3at, 10/100/1000 Mbps, enables the transmission of up to 60 watt DC power (50 watts net at the PD) and Ethernet through a normal patch cable up to 100 meters, 56V, needs 4 pairs (i.e. at least Cat. 5 cable), integrated power supply. Since Ultra POU is not yet standardized, the separately sold POE-171S can be used at the other end of the cable to split data and power, so the full power is available (for devices without POE but with 12V, 19V or 24V DC). Of course POE 802.3at (30 watts) and 802.3af (15 watt) PD can be used without a

splitter.

Quick and easy gigabit PoE network deployment

- Удаленное питание на расстоянии до 100 м

Attributes

- Number of ports: 1
- PoE Power budget: 60 W
- PoE standard: IEEE802.3at (PoE+)
- Ethernet speed: Gigabit
- Industrial usage: no
