UB-U7-PRO
EAN 0810084693650

The U7-PRO is a WiFi 7 access point for ceiling mounting and, in addition to 2.4GHz and 5GHz, also has the newly released 6GHz frequency band. This enables a much higher transmission speed than was possible with the limitation to just two frequencies. The access point is equipped with a 2.5Gbps network connection and is particularly suitable for environments with high connection densities.
