

# DIGITUS® Ventilators for use in ventilator units for network and server cabinets

DN-19-FAN

EAN 4016032194422

**Fan replacement for fan units 138 m³/h air circulation, 47 dB/m noise level**

The individual ventilator from DIGITUS® serves as replacements to exchange with existing ventilator units from DIGITUS® for network and server cabinets. Alternatively, the ventilator can also be individually wired and commissioned. For example, it can serve as an extension to the DIGITUS® wall mounting cabinets for outdoor areas (e.g.: DN-19 12-U-I-OD) in which it can simply be snapped in on the inside in front of the existing filter.

**This DIGITUS® 483 mm (19") accessory was developed for the demanding requirements placed on IT infrastructure and manufactured according to German quality standards.**
