DIGITUS®

DIGITUS 4K DisplayPort - HDMI Splitter, 1x2

DS-45403
EAN 4016032432326

4K DisplayPort to HDMI Splitter 1x DP in, 2x HDMI out, up to 4K*2K@30Hz

With the help of the DIGITUS DS-45403, you can distribute a DisplayPort signal on up to two HDMI-capable devices, such as external monitors, televisions or projectors, etc. Thanks to the MST (Multi-Stream-Transport) support, you have the possibility of duplicating your desktop, or alternatively, displaying completely separate content on each monitor. This increases productivity, since multi-tasking applications are noticeably simplified. The splitter thus offers an ideal solution, both for commercial applications, such as video wall presentations, graphics applications or product presentations (office / business premises, exhibition stands etc.), as well as in the private domain. Regardless of whether it is photos, presentations, films/videos or games, with the Digitus DisplayPort - HDMI splitter, you will experience ultra sharp 4K UHD resolution, and this can be achieved on up to two HDMI monitors.

Distributes a DisplayPort signal on up to two HDMI-capable devices, such as external monitors, televisions, projectors, etc.

- Distributes a DisplayPort signal on up to two HDMI-capable devices, such as external monitors, televisions, projectors, etc.
- Supports 4K Ultra HD (30Hz), 4096 x 2160p resolution
- MST (Multi-Stream-Transport) support - displaying two different contents on the respective HDMI screens
