PURELINK HDMI Cable - PureInstall - Slim 1,00m - Blue

PI0502-010
EAN 4251364710104

Flame-retardant material in six different color variations and with all advantages of the PureInstall series! The LSZH (Low-Smoke / Zero-Halogen) HDMI cables PI050X of the PureInstall series are manufactured without use of halogens. This way, they ensure low smoke emission in the event of a fire and are particularly suitable for professional applications and installations in buildings. Like all cables of the PureInstall series, it is equipped with the Secure-Lock-System™. The lengths up to 2.0m allow full 18Gbps bandwidth for 4K / UltraHD with 60Hz. The compact connectors and thin cables (ca. 16mm) allow for a small bending radius. Available in black (PI0500), white (PI0501), blue (PI0502), green (PI0503), yellow (PI0504), magenta-red (PI0505).

Ultra–Slim Flexible High Speed PureInstall HDMI Cable with Ethernet and SLS™

- High-quality materials, custom-fit plugs and couplings, gold-plated pins as well as waiving unnecessary parts, PureInstall products are a good investment for any field of use
- The Latest Generation The PI050X PureInstall HDMI cables meet the HDMI standard - HDMI High Speed with Ethernet. Thus, they support bandwidths of 18 Gbps / approx. 600MHz for resolutions up to 4K@60Hz with 8bit colors and 4:4:4 subsampling. The presentation of HDR (High-Dynamic-Range) content is also possible without any problems.
- AOC - Active Optical Cable: no
