

PURELINK PureTools 4K HDMI Splitter / Downscaler with 2 Outputs

PT-SP-HD12D
EAN 4251364718254

PureTools - HDMI Splitter 1x2, 4K (60Hz 4:4:4), HDMI 2.0a, HDR, HDCP 2.2, Down-scaling to 1080P, CEC control, Smart EDID Management, Slim Design Connections Input connector(s) 1 x HDMI Output connector(s) 2 x HDMI Power connector(s) DC5V 2A Control connector(s) 1 x Firmware (Micro USB) Electric signal Standards HDMI 2.0a & HDCP 2.2 Digital audio formats Dolby D (True HD)/ DTS (HD-Master Audio)/ PCM HDCP Yes EDID Yes Mechanical Power supply DC5V 2A Power consumption 4,5W max. Operatingtemperature 0°C ~ 55°C Humidity 10% ~ 90% Dimensions 102.4mm x 16mm x 70. Signal transmission Supported standards HDMI 2.0a und HDCP2.2 Transmission modes EDID Management

- The PT-SP-HD12D enables lossless duplication and distribution of a single 18Gbps DVI or HDMI source to up to two displays.

- All of this technology is packed into an ultra slim enclosure, for installation into furniture or a professional rack. Includes a professional locking power connector.
- Compatible with the latest Ultra High Definition sources and displays, displaying signals at resolutions up to 4K @60 4:4:4 (18Gbps) and shows crystal clear HDR media to its best ability.
- The PT-SP-HD12D is designed for flawless operation. Simply connect the lowest resolution monitor first and all other ports will default to this setting automatically. DVI and HDMI data are recognised and automatically configured.
- The input signal will be automatically equalized for reliable transmission incl. proper EDID and HDCP status.
