

PURELINK Wireless HD Ext. Set BYOD 30m incl. Dongle 1080p@60Hz

CSW030
EAN 4251364735411

The CSW030 is a wireless presentation system designed for modern and refit meeting rooms or class rooms. With both HDMI+VGA at the receiver side, legacy support for older projectors is possible giving extended value to an expensive asset. The user has various options to connect to the receiver - either via the HDMI dongle or wirelessly from any portable device with Airplay/ DLNA/ Miracast ability. Powerful long-distance signal transmission up to 30m Plug-N-Play with no drivers or software installation needed.

- 1080p transmitter and receiver set
- 2,4- and 5-GHz-dual band signal transmitting up to 1080p @60Hz with latency of less then 200 ms
- BYOD support for Airplay / DLNA/ Miracast - transmit directly of your device

- Receiver with HDMI, VGA and audio output, ideal for supporting modern and legacy devices
- Simple and intuitive one-click dongle sharing
