

NOCTUA CPU COOLER ALCU AMD AM2, AM4

NOC-NH-D15-G2-BK
EAN 9010018000535

Quiet cooling performance completely in black: The chromax.black version of the award-winning NH-D15 G2 flagship cooler. Continuing the legacy of the iconic NH-D15, the NH-D15 G2 is quickly establishing itself as a new benchmark for high-quality and quiet CPU coolers. With the same further refined 8-heatpipe heatsink and modern NF-A14x25r G2 PWM fans, the chromax.black version offers the same successful combination of state-of-the-art cooling efficiency and excellent operating quietness. At the same time, the black fans and black-coated heatsink allow these assets to be combined with a sleek camouflage look. Finished off with the Torx-based SecuFirm2+ multi-socket mounting system, Noctua's most powerful NT-H2 thermal compound, and a full 6-year manufacturer's warranty, the NH-D15 G2 chromax.black is a deluxe choice for those looking for an elite heatsink that looks as good as it cools.
