
Front cable management panel

DN-968ORG-M1
EAN 4016032368380

FO front management panel for fiber optic cables

This cable management is suitable for 1 or 2 HU Splice. With its rounded ends fibers and cables are gently moved into the correct position. At the ends you can use strain relief in the form of cable Quick ties or Velcro. It is suitable for 19-inch units.
