

DIGITUS® Dual Port 10G SFP PCIe Network Card

DN-10162

EAN 4016032445197

2-port SFP+ 10G PCI Express Card Low profile bracket, Intel JL82599ES Chipset

With this 10-Gigabit Fiber Optic network card you have a cost efficient solution for connecting your workstation to your network using the SFP+ Transceiver of your choice. Thanks to the dual ports you also have the choice to reach speeds up to 20 Gigabit in full duplex mode. Due to the Intel chipset you have a reliable solution offering you features like up to 15,5K jumbo frames, IP, TCP and UDP checksum offloading (IPv4, IPv6) capabilities.

Connect your workstation directly to your 10G fiber optic network

- Compatible with x8 and x16 PCIe slots
- Supports 802.1Q VLAN tagging
- Supports 20G full duplex

- Up to 15K Jumbo Frames
- Supports 10G SFP+ optical and direct attached copper modules
- PCI Express specification revision 2.0
- IEEE 802.1Q Tagged VLAN
- Supports Win 7, 8.1, 10, Server 2008 R2, 2012, 2012 R2, Linux 2.6.x and later
- Chipset: Intel JL82599ES

Package contents

- Network Card
- Low profile bracket
- User manual
- Driver CD
