

DIGITUS® Electrically Height-Adjustable Table Frame, dual motor, 3 levels, black

DA-90434

EAN 4016032481997

Height Adjustable Standing Desk Frame Dual motor, 3-stages, black

With this height-adjustable table frame you can easily convert your desk into an ergonomic sit/stand workstation. Save the cost and hassle of finding a height-adjustable desktop and just use the DIGITUS® electrically height-adjustable table frame instead. This set is suitable for all tabletops between 110 and 200 cm in width and 60 to 100 cm in depth. 4 different heights can be programmed and saved using the touch display. The frame allows height adjustment from 62 to 127 cm. The lifting speed is 35 mm/sec. The anti-collision function automatically stops the table when hitting obstacles during up and down movement. The anti-collision function can be set to 3 different sensitivity levels. The frame can lift a maximum load of 100 kg and is equipped with a display lock / child lock for the control panel. Improve your health and prevent postural damage and impairments of the musculoskeletal system.

Convert your standard desk into an ergonomic standing/sitting workstation

- Maximum load capacity of up to 100 kg
- Flexible frame - Suitable for tabletops 110-200 cm wide and 60-100 cm deep
