Modular Patch Panel, shielded w. 24x DN-93615 24-port, 1U, rack mount, label field, black

The DIGITUS Modular Patch Panel, 24-port, is a robust, rack-mountable 19-inch panel with 24 CAT 6A Keystone modules (DN-93615) - ready for immediate, fast and efficient installation. It offers easy management and enables flexible network configurations thanks to its modular design. With fully matched CAT 6A Keystone modules included, there is no need for separate procurement or compatibility checks. An integrated cable management strip ensures order and stability, while the earthing connection provides additional safety. This complete solution optimizes rack space, reduces installation time and simplifies project planning - ideal for professional installers and demanding IT environments.
