
IEEE 802.3af/at Power over Ethernet Tester

POE-TESTER
EAN 4711213689741

Planet PoE Tester 2 LEDs for indicating power sourcing equipment

Detects whether a 802.3af/at PoE signal is present and can distinguish between Midspan, Endspan and Ultra PoE (Midspan+Endspan).

- Quickly tests RJ-45 outlet for PoE existence

- Two LED indicators show type of PSE (End-Span PoE switch, Mid-Span PoE injector)
- Compliant with IEEE 802.3at/af PoE standard
- Compact size, Plug and Play design
