EAN 4016032266433

Aluminum PDU, rackmountable, 12x safety outlet 2x 16A, 250VAC 50/60Hz, overload protection

The DIGITUS® power strips are the perfect solution for your network or server cabinet. In terms of power distribution, the PDU meets requirements of many applications in IT, network technology, laboratories as well as the home. The power strip can be mounted vertically in the rack. The PDU has 2 separate supply lines. An integrated overload protection per feed protects the connected loads from overload. Depending on the rack type, it is possible to mount the PDU with the taps facing right or left.
