

# DIGITUS USB Type-C™ Gigabit Ethernet adapter with Power Delivery support

DN-3027

EAN 4016032458043

## USB-Type-C Gigabit Ethernet Adapter + PD with power delivery function

The USB Type-C™ Gigabit Ethernet adapter allows you to extend your laptop to a network connection and reach speeds of up to 1000 Mbps. No need to install drivers with a CD - thanks to the virtual drive, you can just plug it in and get started. Power is also supplied via a USB-C™ port with Power Delivery (PD) 2.0, which also charges the connected device. The adapter is compatible with Windows, macOS, Google Chrome and all other systems that are compatible with USB-C™. The adapter is an ideal travel companion thanks to its compact dimensions.

## Extend your laptop with USB-C™ port to a Gigabit network connection with Power Delivery support

- Supports USB Type-C™ connections
- Gigabit data transfer of up to 1000 Mbps.
- RJ45 Ethernet connection with LED function display 10/100/1000 Mbps

- Plug and play - directly install the driver from the device (virtual CD drive)

**Safety notes**

- Overloading can lead to overheating and damage to the appliance or the connected peripherals.
- If necessary, use an external power supply to ensure stable performance.
- If devices such as external hard disks or printers that require a high power consumption are connected, the device should be used with an external power supply. Otherwise, the device could be overloaded or functional problems could occur.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.

**EU responsible person**

EU based economic operator ensuring the product complies with the required regulations.
