

DIGITUS Flexible Cable Tube with Hook and Loop Fastener

DA-90507
EAN 4016032463320

Cable Sock, color black, 2m

The flexible plastic tube lets you organize your cables easily and neatly. It can be individually cut to the length needed and automatically contracts again once it is closed. The hook and loop fastener means that it can be opened and closed whenever needed to add or remove cables. Installation is very simple. Cut the tube to the desired length, insert the cables and close the hook and loop fastener. No more cable clutter or tangles with the neat solution from DIGITUS®.

Can be cut to measure, contracts with hook and loop fastener

3 EASY REOPENING THE FLEXIBLE CABLE TUBE TO ADD ADDITIONAL CABLES

2 IF NECESSARY, CUT OFF THE UNUSED PART OF THE CABLE TUBE

1 EASY WRAPPING OF THE CABLES INTO THE FLEXIBLE CABLE TUBE

Safety notes

- With height-adjustable tables, they ensure that the cable guides can move freely and are not blocked.
- Check the condition of the cables regularly to ensure that there is no visible damage such as cracks, wear or exposed wires. Damaged cables must be replaced or repaired immediately.
- Ensure that cables are not laid close to heat sources such as heaters, lamps or electrical appliances. High temperatures can damage the cable insulation.
- Ensure that the cables are not subjected to excessive tensile forces or pressure. Avoid stretching or kinking cables too much, as this can damage the insulation and cause short circuits or electrical hazards.
