

DIGITUS Cable Management Channel

DA-90450

EAN 4016032481836

Cable Management Tray, Under-desk black

This under-desk cable management tray provides plenty of storage space for cables, socket strips and more. Made of powder-coated steel, this product is sturdy and durable. The open design makes it easy to route and store cables and socket strips. The channel can be attached to a sit/stand desk as well as a traditional desk. Ample space is created for power cords, network and computer cables. The cable management solution allows the sit/stand desk to move while preventing damage to cabling. The sleek appearance fits perfectly with a clean, open design of your workplace.

Provides space to store cables as well as socket strips - For individual under-desktop mounting

- Clean design: Hides cables and power cords for a clean workspace
- Easy installation: Screw mounting under the desk allows for quick installation

- Perfect accessory for height-adjustable desks - Tidies up the workspace while preventing damage to cabling
- Dimensions: W 60 x D 13.5 x H 10.8 cm
- Weight: 1.1 kg
- Color: Black
- Material: Steel
- Surface: Powder coating
- Mounting: Under desktop

Safety notes

- With height-adjustable tables, they ensure that the cable guides can move freely and are not blocked.
- Check the condition of the cables regularly to ensure that there is no visible damage such as cracks, wear or exposed wires. Damaged cables must be replaced or repaired immediately.
- Ensure that cables are not laid close to heat sources such as heaters, lamps or electrical appliances. High temperatures can damage the cable insulation.
- Ensure that the cables are not subjected to excessive tensile forces or pressure. Avoid stretching or kinking cables too much, as this can damage the insulation and cause short circuits or electrical hazards.
