

3 in 1 Charging Station, foldable, wireless

DA-10084
EAN 4016032482789

3 in 1 Charging Station, wireless for Apple iWatch, AirPods, iPhone

The 3 in 1 Wireless Charging Station from DIGITUS® enables simultaneous charging of an iPhones® or other Qi-capable smartphone, an iWatch® and AirPods® that allow for inductive charging. Charging is wireless through induction. Simply place the devices on top, charging will start automatically. The inclination angle of the smartphone charging spot can be adjusted infinitely. The iWatch® is held in place with magnets and the original charging pad is not required. The surface of the station is slip-proof to ensure that all devices stay in one place.

Simultaneous charging of iPhone®, iWatch®, AirPods® with MagSafe® function

- Input voltage: 5V/2.0A, 9V/2.0A, 12V/2.0A
- Power output smartphone: 5W/7.5W/10W/15W

- Power output smart watch: 3W
- Power output headphones: 5W
- Surge protection / excess current protection / short circuit protection
- Housing: Fire-resistant material
- Dimensions: L 155 x W 145 x H 15 mm
- Color: black
- Weight: 192g

Attributes

- Vrsta: Punjač/napajanje

Package contents

- Charging station
- 1x Connection cable USB-A to USB-C
- QIG (Quick Installation Guide)

Safety notes

- Use charging adapters or power supply units in accordance with the instructions in the operating instructions to ensure optimum performance.
- Connect the charging adapter to an easily accessible socket in the voltage range between 100-240 V AC.
- Disconnect the charging adapter from the socket after use.
- Do not use the charging adapter with electronic devices that are outside the specifications of the charging adapter.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
