

# LED Ring Light 10 inch, extendable tripod stand

DA-20311  
EAN 4016032485742

## LED Ring Light 10 Zoll, Stand

The DIGITUS Ring Light Stand is an LED light that illuminates any shadow, improves the appearance of the skin and makes the eyes shine without glare. The ring light has 10 brightness levels and 3 light modes to illuminate a face optimally when recording videos and portraits. Cameras/iPhones/Android phones are simply fastened in the ball-head mount and connected to the Windows PC or Mac via USB. Settings for brightness and color temperature are configured using the buttons of the remote control integrated in the cable. The adjustable tripod stand can be extended from 0.70 m to 1.50 m and is very stable on the ground. Using Bluetooth remote control, images/videos can be recorded at a distance of up to 10 m.

**The ring light is perfectly suited for influencers, bloggers or vloggers who record photos or videos using a smartphone for social media. With our LED Ring Light, you can always show your best side thanks to optimal illumination and high variability.**

#### **Safety notes**

- Protect the light from impacts and falling. A sudden impact can damage the lamp and lead to electrical problems.
- Do not leave the desk lamp switched on unattended, especially for long periods of time. Always switch the lamp off when you leave the room or when you no longer need it.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
