DIGITUS® Color clips for Patch cable -Mixed (20 pcs. in each Red, Green, Blue, Yellow, Black)

A-CC-M

EAN 4016032491040

Color clips for RJ 45 cable Mixed colors, 20 pcs.x 5 colors, separate packs

Color-clips for patch cables simplify cable identification in networking. These boots, available in various colors, help organize cables based on their functions or destinations. This enhances efficiency, reducing the likelihood of errors during installation and maintenance. Quick troubleshooting is facilitated, as technicians can easily identify and trace specific cables. Additionally, the standardized color-coding system supports scalability, allowing for the seamless integration of new cables as networks expand. Beyond functionality, the use of color-coded boots contributes to a professional and organized appearance in networking environments.

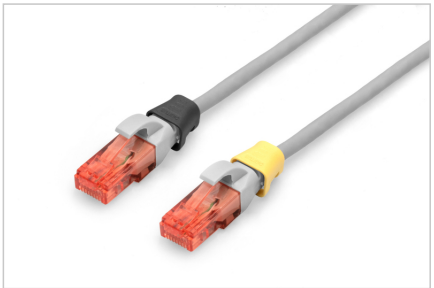

Color clips for patch cable offer an efficient way to manage and identify cables in networking systems. They contribute to a well-organized, and easily maintainable infrastructure.
