DIGITUS® Cable support rail for 482.6 mm (19") network and server enclosures

DN-19 ORG-1000P

EAN 4016032378136

Cable fixing rail set for 800, 1000 mm depth racks 2 rails set, 800+200 mm part

The cable support rails are installed horizontally in the cabinet depth of the DIGITUS® 482.6 mm 19" network or server cabinet. As they are attached to the perforated frame profile, they provide plenty of scope for orderly cable management. Individual cables or entire cable harnesses can be easily attached to the hammerhead profiles using cable ties or Velcro tape. The rails are suitable for all free-standing DIGITUS® 482.6 mm 19" cabinets in the Unique, Unique Light and Unique Server-N series.

Enables effective cable management thanks to flexible mounting options for vertical cable harnesses or individual cables in the network or server enclosure.

- Simple & effective cable management
- Attachment to the perforated frame profile of the enclosure
- 2 mm thick sheet steel, galvanized
- For DIGITUS® enclosures with a total depth of 800 mm or 1000 mm

Attributes
