

# DIGITUS®

DK-B3912-O-SC-1  
EAN 4016032489559

**FO Breakout SC /SC, 12E9/125µ, SM, 12 fibers, Outdoor, Unitube, PE, Fca, Black color, 4KM**

**Attributes**

- Application: outdoor
- Cable jacket: PE

- Cable type: A-DQ (ZN) B2Y X E 9/125um
- Color cable: black
- Fiber class: OS2
- Fiber diameter: 9/125µ
- Mode: Singlemode
- Number of fibers: 12

**Logistics**

	Number (pcs)	Weight (kg)	Depth (cm)	Width (cm)	Height (cm)	cm³

**Safety notes**

- Avoid direct contact with light sources: Fiber optic cables, especially those with active light sources such as lasers (e.g. in optical communication systems),

- can emit dangerous radiation that can damage
- eyes. Take care never to look directly into the light of an optical fiber, even if the light source is invisible to the naked eye.
  - When working with fiber optic cables, especially during tests or when working with lasers, protective goggles should always be worn to protect against harmful radiation.
  - When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
  - Do not kink or crush: Fiber optic cables are sensitive to mechanical stress.
  - To protect cables from physical damage, they should be laid in special ducts or with protective materials
  - Keep cable connectors clean: Fiber optic cables are sensitive to dust and dirt. Even small particles on the connectors can severely impair the signal quality.
  - Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
  - Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately.

**EU responsible person**

EU based economic operator ensuring the product complies with the required regulations.
