DIGITUS®

DIGITUS 4K HDMI Adapter / Converter Cable, USB-C to HDMI

DB-300330-020-S
EAN 4016032439912

USB Type-C adapter cable, Type-C to HDMI A M/M, 2.0m, 4K/60Hz, 18GB, bl, gold

Connect your USB-C directly to a monitor, TV or projector - You do not need any additional adapters. The DIGITUS® 4K HDMI Converter enables the direct connection of TVs, monitors or projectors with HDMI connection and a USB-C device. This adapter is a must-have, whether for private use when connecting your notebook to a TV or professionally when giving presentations using an HDMI projector.

This adapter converts video signals from a USB-C interface to an HDMI interface

Safety notes

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.
