

# DIGITUS Notebook charger USB-C, 65W

DA-10071

EAN 4016032482680

## Notebook Charger USB-C Power supply 65W PD3.0

The DIGITUS USB-C PD Notebook Power Adapter is a super slim and compact replacement for defective or lost original power adapters. It is also ideally suited for use as a second power adapter in the office, for travel, or at home. The 65W PD3.0 charger has been developed for notebooks, smartphones, tablets and gaming consoles with a USB Type-C connection. Notebooks and the powder adapter itself are protected against short circuits, overheating, surges and excess current.

**Compact replacement for defective or lost original power adapters and perfectly suited for use as a second power adapter for travel, in the office or at home.**

### Safety notes

- Use charging adapters or power supply units in accordance with the instructions in the operating instructions to ensure optimum performance.
- Connect the charging adapter to an easily accessible socket in the voltage range between 100-240 V AC.
- Disconnect the charging adapter from the socket after use.
- Do not use the charging adapter with electronic devices that are outside the specifications of the charging adapter.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
