## Smart Memory with App, Storage Extension for iPhone, iPad, MicroSD max 256GB, bl, iOS 7.1 & up

Is the storage of your iPhone® or iPad® full again? We have the solution! With ednet Smart Memory you can easily expand the storage of your iPhone® or iPad® by adding up to 256 GB using a MicroSD card. Of course, you can also use ednet Smart Memory as a traditional data cable. It can also be used as a USB memory stick on a PC or Notebook. You can manage document, audio, video, as well as image files. The ednet Smart Memory app also offers many additional and useful functions (e.g. cloud storage support, media player, text editor, voice recorder, synchronization of contacts, calendars, as well as photos and much more). ednet Smart Memory combines multiple applications and replaces various devices. This smart all-rounder is the perfect companion, at work or at home.

**Safety notes**

- Use charging adapters or power supply units in accordance with the instructions in the operating instructions to ensure optimum performance.
- Connect the charging adapter to an easily accessible socket in the voltage range between 100-240 V AC.
- Disconnect the charging adapter from the socket after use.
- Do not use the charging adapter with electronic devices that are outside the specifications of the charging adapter.
- Do not expose the device to rain, moisture, vapors or liquids.
- Do not insert any objects into the device.
- Do not attempt to repair the unit or open the housing without authorization. You risk an electric shock!
- Ensure adequate ventilation to prevent damage due to overheating.
- Dust, moisture, vapors and strong cleaning agents or solvents can cause damage to the device.
- Disconnect the appliance from the power supply and the connected devices before cleaning.
- Clean the device with a dust-free cloth.
