

# DIGITUS Antena de haste LAN sem fios

**DN-70105**  
**EAN 4016032200567**

**Wireless LAN omnidirectional antenna Gain: 9 dBi, RP-SMA connector, 38.4cm**

Wireless LAN omnidirectional antenna, Gain: 9 dBi, RP-SMA connector, 38.4cm

**Expand a LAN sem fios em termos de alcance e cobertura e melhora a receção**

- Antena de haste LAN sem fios para melhoria das propriedades de receção

- Gama de frequência: 2,4GHz - 2,4835GHz
- Omnidirecional
- Ganho: 9 dBi (ganho na receção)
- Adequado para LAN sem fios de 2,4 GHz
- Ligação: tomada RP-SMA
- Comprimento: 38,5cm
- Diâmetro: 1,3cm
- Adequado para todos os produtos DIGITUS LAN sem fios
- Base de antena adequada: DN-70106

Net single without Packaging	1	0.05	1.20	1.20	38.00	86.00

### Safety notes

- The performance of the antenna depends heavily on the location. Ensure that the antenna is installed in a location that allows optimum signal distribution, without obstacles such as thick walls or metal objects.
- To avoid sources of interference, antennas should not be installed near electrical devices such as microwaves, radios or other strong sources of interference, as these can affect the signal.
- Avoid direct contact with salty air or other corrosive environments that could damage the antenna or connections.
- Check the antenna regularly for damage, loose connections or dirt. Dust or dirt on the antenna or the connections can significantly impair the signal quality.
- Make sure that the frequency of the antenna matches your network adapter or router.
- Ensure that the antenna in conjunction with the network adapter or router complies with local standards and approvals.

### EU responsible person

EU based economic operator ensuring the product complies with the required regulations.
