Multi tube cable is a design that has high tensile strength and flexibility in a compact cable size. Our loose tube cable provides excellent optical transmission and physical performance. We ensure a continuing level of quality in our cable products through several

quality control programs including ISO 9001 and all the materials have passed REACH and ROHS. We ensure product reliability through rigorous qualification testing of each product family. Both initial and periodic qualification testing are performed to assure the cable's performance and durability in the field environments

- Revestimento LSZH – baixa emissão de fumo, sem halogéneo
