

DIGITUS Consolidation Point Box for 4x RJ45 Keystones

DN-93708
EAN 4016032459330

Consolidation Point Box for 4x RJ45 Keystone Modules

Consolidation Points (CP) are collection points for structured building cabling, especially in the commercial or industrial sector. These core elements of cabling systems are used in buildings and open-plan offices as connection or distribution points for workstations. The DIGITUS® consolidation point box is designed to accommodate 4 keystone modules. The box can be used as wall mounting, in ceilings, underfloor or as a desktop version. With optional accessories (AN-25188), mounting on a DIN rail is also possible. This is both a cost-efficient and flexible solution for a wide range of areas and applications.

Optimal solution to ensure flexible network cabling in modern office environments (Clean Desk)

- CP-Box for 4 modules
- Mounting holes for keystone jacks shielded or unshielded
- Separated ground connection
- Hinged cover with quick lock for CP-cable connections
- Cable entries front and rear with dust-tight sealing strips
- Rugged steel sheet material
- Color: black (similary to RAL9005)
- Protection Class: IP20
- Delivery without modules
- Measurements: 135 x 203 x 54 (WxDxH)

Package contents

- 1 x CP-Box for 4 modules
