

DIGITUS Wall Mounting Cabinets - SoHo, Slim

DN-19 04U-PB
EAN 4016032200109

Wall mounting cabinet, SOHO, slim, 145x525x475 mm 3U rotatable, 2U fix, color grey (RAL 7035)

The Wall Mounting Cabinets SoHo, Slim are perfect for the placing of active and passive components. They are characterized by an easy and time saving installation. The modern design suits to every office or home environment. There are two separate installation possibilities: The front side is equipped with a rotatable vertical 3U rail. Alternatively, it can be positioned horizontally or even angled. On the rear side there is a 2U rail (fixed), which can be used for passive network components for example. Due to punched out mounting holes in the lower housing area also non rack mountable equipment can be installed (e.g. DSL router, etc.). Alternatively you can install a device mounting plate which is available separately.

Настенные шкафы DIGITUS® спроектированы, разработаны и произведены с учетом высоких требований в сфере инфраструктуры информационных технологий.
