

DIGITUS USB 2.0 connection cable, USB A to USB B

DB-300105-030-S
EAN 4016032284222

USB 2.0 connection cable, type A - B M/M, 3.0m, USB 2.0 conform, bl

This cable is suitable for connecting USB devices with a USB B jack. For example, you can operate printers, external hard drives or other peripheral equipment with a USB B jack to a USB port (PC, notebook or USB hub). Thanks to USB 2.0 compatibility, the transmission rate is up to 480 Mbps (Hi-Speed). The sturdy cable is double-shielded, which contributes to optimal data transmission.

Use external devices with a USB B connection - Compatible with USB 2.0 Hi-Speed data transmission

Attributes

- Color cable: black
- Connector 1: Micro USB B, plug
- Connector 2: USB A, plug
- Connector surface: nickel-plated
- Ferrite filter: none
- USB compliance: USB 2.0
- Length: 3 m

**Safety notes**

- When plugging and unplugging the cable, only grasp the plug and do not pull directly on the cable.
- Cables must not be kinked sharply or bent at tight angles, as this can damage the inner wires and lead to failures.
- Make sure that the cables are not under tensile load, as this can damage the insulation and the wires inside the cable.
- Ensure that cables are not laid in areas where they can be easily damaged mechanically.
- Cables should not be used in environments with extremely high or very low temperatures. Observe the product information on the maximum operating temperature of the cable.
- Check cables regularly for visible damage such as cracks, kinks or signs of wear. Defective cables should be replaced immediately to avoid failures, short circuits or even electric shocks.
