

DIGITUS 300 Mbps Wireless Repeater / Access Point, 2.4 GHz + USB Charging Port

DN-7072
EAN 4016032474487

300Mbps wireless repeater 2,4 GHz

With this WLAN repeater from DIGITUS®, you can effortlessly extend the range of your wireless network. By simply pressing the WPS button, you can easily connect the repeater with your existing router. Additional configuration options are offered by the web interface through which you can conveniently configure each function of the set. You can also access the web interface conveniently using your smartphone to change the settings at any time. 2 omni-directional antennas on the repeater ensure loss-free reception and transfer rates of up to 300 Mbps. This repeater also features a USB port for charging mobile devices.

Extend your WLAN network conveniently at the press of a button (WPS) - incl. USB charging function
