

DIGITUS Fast Ethernet Print Server, USB 2.0

DN-13003-2

EAN 4016032446286

USB Print Server, 1-Port 1x RJ45, 1x USB A, USB 2.0

The "Fast Ethernet print server" is the easier way to connect your printer to your PC. This product supports not only the well-known network and printing protocols, but also the "peer-to-peer" and server-based printing. It is compatible with all operating systems (Windows, Mac or Linux). It also supports a Web-based management, Windows Configuration Utility and SNMP Protocol. And thanks to the easy installation, you should use it as soon as possible!

Easily turns a workplace printer into a network printer for all connected users
