

DIGITUS Wireless HDMI Extender Set, 30 m

DS-55309

EAN 4016032455196

Wireless HDMI Extender, Set up to 30 m, Full HD 1080p, 5GHz

The Wireless HDMI Extender Set enables wireless transmission of HDMI video and audio signals to a distance of up to 30 meters in unobstructed areas and 20 meters in obstructed areas. Very easy to operate and install. Plug & Play - just plug everything in and get started right away. The transmitter and receiver can be powered by the HDMI port of your device (>500 mAh required) or by the USB port of your laptop, PC, etc. using the included micro USB cable. Thanks to the compactness of the transmitter and receiver, installation is easy, quick and can be done individually - the perfect solution for meeting rooms, conference rooms or congress rooms. It can also be used privately for spontaneous or temporary installations. Extend the HDMI signal, e.g. from one source (e.g. TV/SAT receiver, set-top box, gaming console, laptop, etc.) in your living room and place another TV/monitor, for example, on your balcony or terrace

Wireless transmission of HDMI video and audio signals in Full HD to a distance of up to 30 meters in unobstructed areas

- Transmission of HDMI signals with a maximum resolution of 1080p / 60 Hz
- HDMI version: 1.3
- HDCP: 1.2
