DIGITUS Mobile workstation with individual height adjustment

DA-90374
EAN 4016032457435

Mobile Workstation (Monitor Mount, PC Holder) max. 8 kg load,32" screen max., black

The mobile workstation offers enough space for a monitor, keyboard/mouse and PC with flexible working height adjustment. You can move your workstation to whatever place thanks to 4 maneuverable casters. Absolute flexibility. The cart is ideal for constantly changing workstations such as workshops, medical practices, warehouses, production facilities, etc. Set up a workstation that can be freely moved and individually adjusted to the working height by many people despite different body height. When selecting the bracket, please only consider the VESA size and check the weight and size of your monitor for compatibility. The PC holder has an adjustable width and can be adapted to any model.
