

DIGITUS Voice operated, smart, Full HD outdoor camera, WLAN

DN-18601

EAN 4016032463153

Smart Wireless Outdoor Bullet Camera 2MP, H.264, 11N, Day&Night, 104°, IP65

The outdoor bullet camera from DIGITUS® is equipped with a 104 ° wide angle lens and sharp Full HD resolution, so you won't miss any details in the monitoring area. Automatic day / night vision switching offers a clear view even in absolute darkness. WLAN operation means that you are 100% flexible when it comes to the installation location, simply position the camera within range of your wireless network and ensure the power supply. The included wall bracket makes mounting simple. The bracket is mounted using four screws, then the camera can be individually aligned and attached. Using voice control with Amazon Alexa and Google Assistant you can show the camera image on compliant devices such as Amazon Echo Show or Google Home Hub. The camera is able to recognize movement in the image area and send an appropriate push notification to your smartphone. This function can be switched as desired using the free app. An additional alarm, which is emitted from the integrated speaker of the camera, can also be activated. The available microSD card slot can be used for cards up to 128 GB, so that recordings can be stored for longer periods and retrieved at any time. Two-way audio transmission means that acoustic signals in the area of the camera can be transmitted to your smartphone and also that announcements from the microphone of your smartphone can be emitted through the speaker on the camera. The live image from the camera and all settings can be easily viewed and set using the app, regardless of your location (mobile reception required). The camera is designed for a variety of outdoor applications, for example garden, garage or carport. Focus on safety and flexibility with the voice operated Full HD outdoor camera from DIGITUS®.

Supports live image via voice control on Amazon Echo Show or Google Home Hub - with WLAN, suitable for outdoor areas

- Video resolution: 1920 x 1080p@20 Bps (Full HD)
- Video compression: H.264 / MJPEG

- Lens: FOV: 104° viewing angle
- Sensor: 1/2.9" CMOS - 2 megapixel
- Processor: High performance DSP processor
- Night vision range: Up to 15 m
- Day / night switching: IR-CUT
- Video bit rate: Mainstream 1.2 to 1.5 Mbps, substream 512 kbps
- Video frame rate: Mainstream 1080p@20 bps, VGA@20 bps
- Supports motion detection
- Infrared LEDs: 18 pieces
- Integrated speaker and microphone
- Two-way audio communication
- Connection types: Wireless LAN / LAN RJ45
- Wireless LAN: 2.4 GHz (IEEE 802.11b/g/n)
- LAN: RJ45 10/100M
- LAN: RJ45 10/100M
- With microSD card slot
- microSD card storage capacity: Up to 128 GB
- Supports cloud storage
- Network protocol: HTTP, HTTPS, TCP IPv4/IPv6, UDP, RTSP, ICMP, RTP, DHCP, ARP, DNS
- USB power supply: 5 V DC / 2 A
- Operating temperature: -20 °C to +50 °C
- Operating humidity: 10 to 95%
- Protection type: IP65
- Dimensions: L 68 x W 78.5 x H 78.5 mm
- Weight: 183g incl. bracket / 147g without bracket
- Color: White

Package contents

- Smart Wireless Outdoor Bullet Camera
- Bracket for wall mounting
- Micro USB connection cable
- Mounting material
- QIG
