DIGITUS Electrically Height-Adjustable Table Frame

DA-90390
EAN 4016032463603

Electric Height Adjustable Desk Frame, Height H 62-128cm for Tabletop up to 200cm, grey/silver

With this height-adjustable table frame you can easily convert your desk into an ergonomic stand/sit workstation. Save the cost and hassle of finding a height adjustable desktop and just use the DIGITUS® electrically height adjustable desk frame instead. This set fits all tabletops with a width between 120 and 200 cm, and between 70 and 90 cm depth. 3 different heights can be programmed and saved using the touch display. You can also activate a practical reminder function to keep you active and fit. Anti collision sensors automatically stop the table when obstacles are still below or above your table. The anti collision function can be set to 8 different sensitivity levels and therefore be perfectly adjusted to suit all possible applications. The frame can lift a maximum load of 125 kg, and is equipped with a keypad lock for the control panel as well as a setting function for the tabletop thickness. Improve your health and prevent postural damage or restrictions of the musculoskeletal system!

Convert your standard desk into a ergonomic stand/ sit workstation

- With adjustable stand/sit reminder function
