DIGITUS Ergonomic Keyboard, Wireless, 2.4 GHz

DA-20157
EAN 4016032463900

Ergonomic keyboard, wireless German layout, black

The ergonomic keyboard from DIGITUS® supports natural hand to prevent misalignments and associated risks such as carpal tunnel syndrome, RSI syndrome or tendinitis. The hands are additionally supported by the palm support in the front to keep the wrists from bending too sharply. In addition to its ergonomic properties, the keyboard also offers numerous technical features such as 18 hot keys allowing you to access your applications quickly at the press of a button or control your multimedia applications (Windows only). The keyboard can be operated at a distance of up to 10 m. The integrated LED displays inform you about the status of the shift key, numeric keypad lock or battery level. Do your wrists a favor and use the ergonomic keyboard from DIGITUS®.

Ergonomic split-key design with palm rest supports the wrists and natural hand posture.
