

ednet Mini Battery Backup

31999

EAN 4054007319999

Mini UPS 12V DC input, output 12V DC/5V DC 2600mAh battery for power backup, 60min. Backup

The ednet UPS for home appliances with 12V DC and 5V DC provides the ideal solution for constant supply of cameras, routers and alarm systems, even in the event of power outage or current fluctuations. The UPS is supplied with the supplied 12V power supply and the supplied adapter cables allow you to connect your cameras, routers or alarm systems with different power connectors. A 12V DC output with 1.5A and a 5V DC output with 2A are provided. The integrated battery ensures bridging time up to one hour in the event of power outage. The unobtrusive design makes the UPS unobtrusive in the environment.

Enables the power independent operation of your Smarthome components, e.g. during power outage or deliberate manipulation

- 12V 2A input voltage

- 12V 1.5A / 5V 2A output voltage
- Maximum power output 18W
- 2.600mAh
- 1 x 12V 5.5mm power adapter
- 1 x 5V 2.1mm power adapter
- Short circuit and overload protection
- Overcharge and discharge protection
- 6ms response time
- Bridging time up to one hour

Package contents

- Mini Battery Backup
- 12V DC power supply
- 12V 5.5mm power adapter
- 5V 2.1mm power adapter
- QIG (quick installation guide)
